## Description

The H125 is a member of Airbus' rugged and proven Ecureuil family, outclassing all single-engine helicopters, while excelling in high, hot and extreme environments. This dual hydraulics 2023 model will be available from 1 November 2023. It comes with the Garmin G500H TXi avionic display system 10.6" (GDU 700P), GTN650Xi COM/NAV/GPS and Kannad ELT. Equipment includes enhanced thermal protection on rear transmission, heavy duty blade pins, dual controls and more. Don't miss out on owning this brand new H125.
