Description

Listing 23-157 - 2022 Bell 505 Jet Ranger X
Attention helicopter buyers! Stop what you are doing and look no further than this 2022 Bell 505 - proudly listed by Sellacopter. With factory new lead times reaching 18 months, you can skip the wait and start enjoying this helicopter today! This helicopter is practically brand new, with only 54 hours total time since new. The exterior is a sleek gun metal grey with a black registration accent that gives it a masculine/modern look. The interior is equally impressive, with two-toned cream leather and grey that screams class. This Bell 505 is equipped with the GFC 600 Autopilot, Garmin G1000NXi, Radar Altimeter, Traffic Advisory System, and second VHF COMM, making it a top-of-the-line helicopter for any mission. But that's not all – this helicopter is loaded with nearly all the optional equipment add-ons available, including Paravion air conditioning (with R/H EVAP KIT), Bose headset adaptor kit, lithium battery, high skid gear w/ crew step, windscreen and all windows removed and replaced with solar advantage (tinted) acrylic glass, lumbar support kit, wire strike prevention kit and finally the precise flight pulse light control system. Not only is this helicopter luxurious, but the current owner has taken great pride in ownership, and the helicopter presents "like new." You can buy today and FLY away today! This "like new" Bell 505 is currently the nicest available option on the used market, located in Southern California (just outside L.A.), and available for immediate sale. Don't miss out on this opportunity to own this incredible helicopter. Contact Sean Moretz at Sellacopter to schedule a showing.
