Description

This is a great opportunity to purchase a one owner from new low hour Bell 505. This helicopter has been in a heated hangar from new and has been highly maintained by a Bell Service Facility. G-XXLH is just over a year old with 135 hours, she is still like brand new and has recently had a full grey carpet fitted. The annual has been completed in December, there has been no expense spared with Lima Hotel. She benefits from a 3 axis autopilot, the upgraded Garmin GTX345R transponder which shows traffic, second radio and bear paws, which makes off site landings easier and makes little to no difference to the speed. She is painted with the dragon fly logo in a two tone grey paint scheme, which stands out anywhere you go. The warranty is transferable and is in place until November 2025.
