## Description

FOR SALE – Robinson R44 Clipper (5B-CJT)  
Excellent condition – Major components renewed  
– Upgraded to modern spec This Robinson R44 Clipper (S/N 0580) is an exceptionally well-maintained aircraft with 1,912 hours TT, operated under a Cyprus LTD, and maintained exclusively by authorized service centers. The helicopter has undergone extensive upgrades and component renewals, including: -Hydraulic System Upgrade (KI-189) -Upgraded Main Rotor Gearbox (C006-8) – 2020 -New Main Rotor Blades (C016-7) – 2020 -New Tail Rotor Blades (C029-3) – 2024 -New Tail Rotor Assembly (C008-9) – 2024 -New Clutch Assembly & Sprag Clutch – 2024 -New Swashplate (C017-6) – 2020 -Bladder Fuel Tank Retrofit (KI-196-1) -New Pitch Links, Bearings, Yoke, Fan Shaft, Engine Mounts, Air Duct Hoses, etc. The majority of major components (main rotor blades, main gearbox, swashplate, tail rotor assembly, tail rotor blades, clutch system, pitch links, etc.) have 2,000+ hours or 12+ years remaining. Only one primary life-limited airframe item — the Upper Frame (C020-2) — reaches its 2,200-hour replacement point in approximately 287 hours. This is a standard R44 life-limited item and typically involves €20k–€30k in parts and labour, depending on shop rates. This limited upcoming work is already reflected in the asking price and does not affect the helicopter's current airworthiness or operational availability. The aircraft has no damage history, mint exterior/interior, and a fully documented maintenance history. All SBs, ADs, and MCAI requirements are fully complied with (last status: 07/02/2025). This is a turn-key, high-specification R44 with substantial upcoming maintenance already completed — a rare find in the European market. AIRCRAFT DETAILS Model: Robinson R44 Clipper Registration: 5B-CJT Serial Number: 0580 Manufacturer: Robinson Helicopter Company Engine: Lycoming O-540-F1B5, S/N L-25368-40A Total Time Since New: 1,912 hours More information, logbooks, and full technical documentation available upon request.
