Description

Popular for taking 1500lbs on the hook, the MD600N has long been the best value FADEC Rolls Royce C47 equipped helicopter on the market. The configuration of six-bladed, and up to eight-person seating with the MD NOTAR anti-torque system and a class leading 145 kt cruise has the 600N positioned perfectly as a cost price utility ship or cheap private aircraft. This MD600N has always been hangared and is configured with YSAS Stabilisation, Wire Strike protection, Dual Controls, and a Rotor Brake. This aircraft went into service in 2005. Stephen Boyce Phone: +64 21 540 460 Email: info@flyvolation.com Website: www.volation.com
