Description

Looking for a new helicopter right now? Instant gratification can be yours with this factory fresh, as new, and immaculately MD520N. This is essentially a new MD520N built to perform like the rocket ship you know these 500's are. There isn't a newer MD product available today and our NOTAR has been deliberately built lean to focus on performance with a strong C20R turbine (+25 C power check) and no unnecessary options. You can line up for a new slot from the factory or buy tomorrow and use our facilities in Texas to take this blank canvas and build your perfect helicopter. This is a valuable aircraft in today's market, so call Volation to discuss this helicopter and learn the pros, the cons, the flying characteristics and the costs of the MD520N. We are first pilots and you simply won't find any other sales agency on the planet with our experience in Aviation.
