Description

Listing 22-157: This beautiful Robinson R44 Raven II has only 601 hours since new and is located in North Carolina. It had new main rotor and tail rotor blades installed in 2018 with 2119 hours remaining. Its last annual was performed in March of 2022 and it has a Tail Beacon installed to meet ADS-B out requirements. With so little time flown, its gold exterior paint with maroon accent and tan leather seats are like new. This R44 has a seven hole VFR panel and Garmin GNC 420, making it perfect for tours, flight instruction, flying for fun, or conducting daily utility flights. With on-market R44 inventory at a historic low, this aircraft is priced to sell and will not last long! Please contact the team at Sellacopter for further details and information.
